

2023
Study Abroad

Nelson, New Zealand

Welcome to Nelson, New Zealand

Nelson Marlborough Institute of Technology (NMIT)

- > Established in 1905 as one of New Zealand's first public tertiary education institutes.
- > New Zealand Qualifications Authority Category 1 institute (highest level).
- > Small class sizes.
- > Real world experiences, connect with industry and study in the field.
- > Study in a range of classes with local Bachelor Degree students.

Nelson city

NMIT's main campus is located in Nelson's vibrant city centre, taking up a whole city block!

You'll join around 6,000 other students who have also chosen to study in Nelson at NMIT. Nelson is known for its festivals, markets and outdoor lifestyle.

- > The region is home to approximately 93,000 residents, with an increase over the summer season!
- > New Zealand's aquacultural and horticultural centre.
- > Five minutes' walk from campus to both shopping and the great outdoors!

Nelson region

When you think of New Zealand, you may think of beautiful scenery offering amazing outdoor adventures. Nelson region is the true embodiment of this vision of New Zealand! Experience the golden sand beaches, sea kayaking beautiful blue waters, and walking and biking green forested hills in the region's National Parks.

Did you know?

Nelson receives the most sunshine of all New Zealand regions!

SANITI

SANITI is the student association at NMIT. They are governed by students, to voice concerns and needs for all NMIT students.

As well as providing advocacy and advice to NMIT students, SANITI are committed to making sure students are well fed and entertained by a variety of events throughout the year.

SANITI host a range of Kiwi adventures for NMIT's international students, these are a great way to meet fellow students, make new friends and learn about 'kiwi culture', all while seeing what the Nelson Marlborough region has to offer.

For more information on what SANITI can offer you, check out their website, Facebook or Instagram.

Study Abroad subjects

NMIT offers bachelor's degree level studies to Study Abroad students in the following majors. Most courses are worth 15 credits, and you must study at least three courses. Four courses is an average workload that is 60 NMIT credits (30 ECTS / 15 US Semester Credits).

Art, Design and Media

Nelson is a national hub of art, design and media with more than 300 working artists in the city. Study various facets of art and design in more than 30 courses taking the NMIT approach to learning of engaging you with community art research and internship opportunities.

Marine Science

With Australasia's largest deep sea fishing port and 70% of New Zealand's aquaculture industry, Nelson is the ideal place to study marine science. Our courses aim to take you on field trips every week, and you have the option take a paid industry internship for credit!

Tourism and Hospitality

Learn about an industry that promotes New Zealand's top attractions and destinations and is leading the way when it comes to environmental sustainability.

These courses will give you the opportunity to learn about managing people, effective industry specific marketing and event management within a New Zealand context.

Business

NMIT's largest academic department offers 40+ courses across three major subject areas: Marketing, Management & Accounting. With the Nelson region being the fastest growing in New Zealand, this is the place to study business!

Social Sciences

Learn about social work and counselling within a New Zealand context. You will learn how elements of New Zealand society's bi-culturalism and colonial past informs current practice within these fields. This is your opportunity to truly engage with the culture of New Zealand!

Civil Engineering

Learn about civil engineering in New Zealand by taking electives that specialise in roading, highways, traffic, structures, water, waste and surveying.

Our NMIT tutors work with local industry to provide students with real world experiences as part of this programme.

Information Technology & Animation

30 courses with a real hands-on approach to studies in: Systems architecture, databases, software and systems, web design and development, social media and cloud services, networking and security, virtual reality, animation & visual effects.

Sport, Recreation and Exercise

On campus you will have access to the most up-to-date exercise science and physiology lab in the northern South Island, and your own gym. Easy access to modern city sports facilities and the famous outdoors of the Nelson region ensure you will have an excellent study experience with NMIT!

View full course lists at nmit.ac.nz/studyabroad

Stand-alone programmes

Viticulture and Winemaking (Marlborough Campus)

1.5 hours' drive from Nelson is NMIT's small niche campus for wine. This is a standalone Study Abroad experience where you live in the city of Blenheim and only take courses in viticulture and winemaking. The Marlborough region produces 78% of New Zealand's grapes for wine and is the home of the acclaimed New Zealand Sauvignon Blanc variety. If studying in our February – June semester you may include a course that allows placement in a winery to produce your own vintage!

Adventure Tourism

Spend a single semester or full year in the outdoors with NMIT's adventure tourism programme. In this programme no two weeks are the same, your classroom is the diverse wilderness area of the top of the South Island. During the programme you will get the chance to experience:

- > Rafting
- > Kayaking
- > Hiking/Tramping/Bushwalking
- > Snowboarding or skiing
- > Rock climbing
- > Canyoning

Taste of a Degree

If you have finished high school but haven't yet enrolled in a university/college in your home country, you might like to study for a few months in New Zealand at NMIT! You will be able to take our introductory classes across the range of subject areas outlined on this page.

You may just find a subject that you are truly passionate about. Let us help you find your ideal career path!

What's it like studying abroad with NMIT in Nelson?

“ I wanted to discover a country that is working in the right way for the environment and the people so New Zealand was my choice to study one semester abroad. As English is not my first language I wanted to study in a native English speaking country that is safe for everyone, especially women travelling on their own. New Zealand was a great opportunity for me to discover myself at the other end of the world. After seeing how kind people are I don't regret my choice of NMIT.”

Svenja Idel, Germany/France

Time passes when you have fun, it's a nice saying that I can absolutely use for my time in New Zealand. Studying abroad is a great opportunity for everyone to become independent, get to know new cultures and countries and see different types of learning around the world with new career ideas. I was positively surprised by the fantastic learning opportunities here at NMIT and the interactive courses with the practice-oriented application. I enjoyed all my courses very much and am glad that I could be there.”

Markus, Germany

I have really learned so much at NMIT, the tutors are so helpful and always making sure you can be successful, getting hands on experience has made me learn so much since I have been here. I feel like just being here for the short 5 months that I have been is going to help my career, I have been in the winery and vineyard, doing everything that I need to do so have had a lot of experience that will help me get the job I want in the future.”

Olivia Cook, USA

New Zealand has great diversity of natural environments, some parts are like Norway and then places near Nelson, like Kaiteriteri and Abel Tasman National Park are like tropical places. We had great teachers at NMIT, they were friends as well as teachers which inspired us to work hard.”

Jørgen Sovre, Norway
